Assistant Director: Sharah Rivas  
Health and Safety: Amanda Smith

# Activity Spotlight

In these pictures the children in Mrs. Melecia's class are using chopsticks to enhance their fine motor skills. Enhancing their fine motor skills is an important skill for using scissors, writing, zipping, tying shoes, and other things as their development grows.

# Teacher Spotlight

Ms. Crystal joined our infant room team of teachers 14 months ago. She brings with her the knowledge of 24 years in the business. She is not only taking care of the infants at Bright Ideas, and her family, but she is now pursuing her Child Development Associate's degree. She comes in with a smile every morning for the 6am shift and works diligently to keep the families informed. She loves her students. We appreciate all that she does for our students and the Bright Ideas families.

# March Curriculum:

# **DHS Health and Safety Requirements:**

Students will be sent home if your child...

- has a fever of 101.1 or higher
- has 2 or more instances of diarrhea
  - has thrown up twice

Any student who is sent home must remain out of school for 24 hours.  
The child may return to school once symptom free, and without medicine.

## **Parents:**

- If your child has an allergy, please have a doctor's note in the office AND let your child's teacher know.
- Please make sure your child has a sheet and blanket for nap time. Also, please take home the sheet and blanket and wash it every Friday.
- Please make sure your child has plenty of extra clothes, wipes, and/or diapers in their cubby or backpack.
- NO outside food is allowed in any of the classrooms due to allergies in our classrooms. We are here to keep your child(ren) safe.
  - NO outside toys are allowed in classrooms. We do not want your child(ren)'s toys to get broken, lost, or stolen.
