Peace, Love and Gardening

Understanding Pacific Northwest Gardens and Do-It-Yourself Projects to Beautify Them

by Marcia Westcott Peck and Dennis Peck

“Peace, Love and Gardening” is a new hardcover book compiling a decade of memories, and stories, and photos, and tips, all in one place. This 160-page book features Marcia Westcott Peck and Dennis Peck’s favorite columns — hand-picked, like a fine floral bouquet — with illustrative full-color photography. (Dennis: It is, truly, a gift that keeps on giving the whole year, in that there are garden ideas for pretty much every month for every level of gardener.)
