About Us

Our Mission: Cato & Company is a Vermont-based paper good business with an aim to inspire community, connection and thoughtfulness towards a more sustainable future.

Our Story: This business was founded on spunk, grit, and a practice of gratitude. The act of writing cards is just one way to make your gratitude known.

The name "Cato," comes from a shared family nickname. Pictured, top left, is Founder Cato, and bottom right, is the OG, Nana Cato.

COMMITMENT TO SUSTAINABILITY

We donate 1% of our profits to climate action organizations because we believe that change starts at the grassroots level.

We're committed to using post-consumer materials that decompose as easily and as gently as possible. We are here on earth for a short time - the things we consume should be also.
