

Have the account owner:

\_\_\_\_\_

Log into facebook account (in Chrome, or at a pinch Firefox – this is essential). Log into their Shopify store

Go to <u>https://apps.shopify.com/facebook-store</u> and click the big green 'get app' button

You will be prompted to enter the name of your Shopify site – don't put www or http in front, just the link to your Shopify store as in the example below: (eChics – help by emailing this link to client in advance)

ice: <b>/</b> lia /	Already using Shopify?				
	Enter your store's URL:				
eb	fox2.myshopify.com	*	Log In		

You will then be prompted to log into your Shopify store (if you aren't logged in already)

#### Click on "install Facebook store"

Facebook Store	THIS IS NOT THE FINAL VERSION
You're about to inst This application will be able to acc	all Facebook Store cess and modify your store data.
This application Read Products, vari	will be able to:
Install Face	book Store

And then click 'connect with facebook'

Then feel free to give in to the urge to mutter "that is what I'm TRYING to do you stupid computer" while clicking on the "Add a Facebook Store" button

Then pick the Facebook Page on which you want to install the facebook store.
