

Bee Counting and Number Symbols

Activity: Counting bee-related items.

Purpose: To practice counting, recognition of number symbols, and develop fine motor skills (with option 1, below).

Recommended age: 3+

Instructions:

1. Print pages 2 and 3.

Option 1:

1. Cut out each individual box (4 per page).
2. Set out the boxes on a tray with a basket of clothes pins.
3. Have your child count each set of items in a box
4. Once they know the quantity, have them identify the correct number symbol below and use a clothes pin to clip it on that number.

Option 2:

1. Offer your child the activity, one page at a time.
2. Have your child count each set of items in a box.
3. Once they know the quantity, have them identify the correct number symbol below and use a pen/pencil to circle the correct number.
