

I spy with my little eye...

...something green  
...something you wear outside  
...something that hops  
...something that begins with the letter  
sound "Mm"

I spy with my little eye...

...something purple  
...something you can eat  
...something with wheels  
...something that begins with the letter  
sound "Tt"

I spy with my little eye...

...something red  
...something you can drink  
...something that swims  
...something that begins with the letter  
sound "Rr"
