

FRONTIER METAL

G-RIB PANEL

G-Rib is available with our 40-Year Warranty and has a minimum thickness of .0153 before paint and an AZ50 Galvalume® substrate. It also carries 20 Year Perforation Warranty on a Galvalume® steel substrate. All colors have an Energy Star® rating and comes with a UL® 2218 Class 4 impact rating and a UL® 790 fire rating. G-Rib is offered in a 80,000 PSI maximum hardness to allow for the intricate bends of this panel.
