# PLATINUM III SERIES

## INDIVIDUAL BBQ'S AND MODULES

### CREATE YOUR OWN ENTERTAINING AREA

The Gasmate Platinum III Series allows you to create your own stunning outdoor cooking and entertaining area. Start with the Platinum III 6 Burner BBQ and add the Platinum III Series Modules that you need. The BBQ and modules can be arranged in any combination, tailor them to suit your own area or budget. You can even add more modules later.

Or buy the Gasmate Platinum III Built-In BBQ to build into your own cabinetry.

There is a stainless steel professional rangehood and bar fridges to choose from, to really finish off your outdoor kitchen.

The possibilities are endless!

## OUTDOOR USE ONLY

The following situations are considered to provide the natural ventilation required for an outdoor domestic barbecue to be used:

- Four open sides with a roof or overhead cover.
- Four enclosed sides (walls) without a roof or overhead cover.
- Two parallel walls or two walls at right angles to each other with a roof or overhead cover.
- Three walls, with the one open side being at least 25% of the total perimeter and the remaining three walls having an area of 30 per cent or more of unrestricted opening, with a roof or overhead cover.

Parallel Walls

Right Angle Walls

Open side at least 25% of total wall area

30% or more in total of the remaining wall area is open and unrestricted
