# ABOUT US

At Natures Farmer Sea we believe that Mother Nature provides everything we need around us to nourish our bodies and minds to maintain a happy and healthy life.

Our Health is our Wealth.

It was from our own health experiences battling cancer and a brain injury that our Sea Moss journey began. Now we want to share it with you to enjoy the amazing benefits that Sea Moss provides for our health.

# SEA MOSS GELS

Our Original Sea Moss Gels are 100% natural and are made up of only 4 ingredients: Sea Moss, freshly squeezed limes, alkaline filtered water, and monk fruit powder making it clean, simple, and nutrient-dense.

Packed with dozens of fundamental Minerals that our body needs to function optimally, all our Sea Moss gels are delicious, 100% natural and vegan friendly.

All Sea Moss Gels are made fresh daily and are free from preservatives and fillers, just like every Nature's Farmer Sea product! We believe "alive" food is the best way to nourish your body and improve your health and mood. Our gels must be kept in the fridge at all times and have a best before date of 4 weeks from production to ensure you get the most potent, fresh, and delicious benefits of this nutrient-packed powerhouse.
