

Bird Identity Window Chart

Introducing the Dan Rouse Bird Identification Window Chart. Make identifying wild birds a breeze with our engaging window-viewing activity for the whole family.

Attachable to your window, this chart features 12 exquisite hand-painted watercolour bird illustrations. Enhance your birdwatching experience while ensuring bird safety with our innovative visual deterrent pattern. Enjoy nature from your home with style and functionality!

- Reliable suction cups for attaching to any windows
- Beautiful hand-painted bird illustrations to help identification
- Visual deterrent pattern on the reverse to ensure bird safety from all to common window strikes
- Environmentally friendly eco-coating finish to maintain condition and longer functionality
