

DIY Birdie Bistro Bird Feeder

Discover the joys of crafting your own bird delicacies with Dan Rouse's DIY Bird Feeder! It's a wonderful family activity to help get everyone interested in wildlife.

Dan Rouse – author, presenter and birder, runs educational activities through her company Tadorna, and found that families and children of all ages want to be more hands on with nature!

- Save money – make it yourself!
- Create the recipe to suit your family and or allergies (eg. No nuts or seeds)
- Wooden house made from FSC®-certified timber with water-based paint finish - 3 colour options
- Food mould made in the UK from 100% recycled second life plastic
- Dan's recommended bird food recipe is conveniently located on the packaging,
- Reuse, reuse, resuse!
