

# Simon King Blackbird Nester

Encourage a pair of blackbirds (considered one of the most accomplished songsters in the bird world) into your garden with this open cup style nester

*Hedgerows and trees are disappearing from the natural world, so now more than ever, it is important to provide nesting and roosting opportunities for wild birds in our gardens.*

- Providing habitat for a variety of garden bird species
- Strong frame with natural draining platform
- Lightweight and easy to hang
- Blackbirds mate for life and both raise their young
- Nest from May to July
