1

Push the **Casters** into the holes at the end of each leg on the **Star Base**. Next, insert the bottom end of the **Seat Post** into center hole of the star base, as shown in the diagram below.

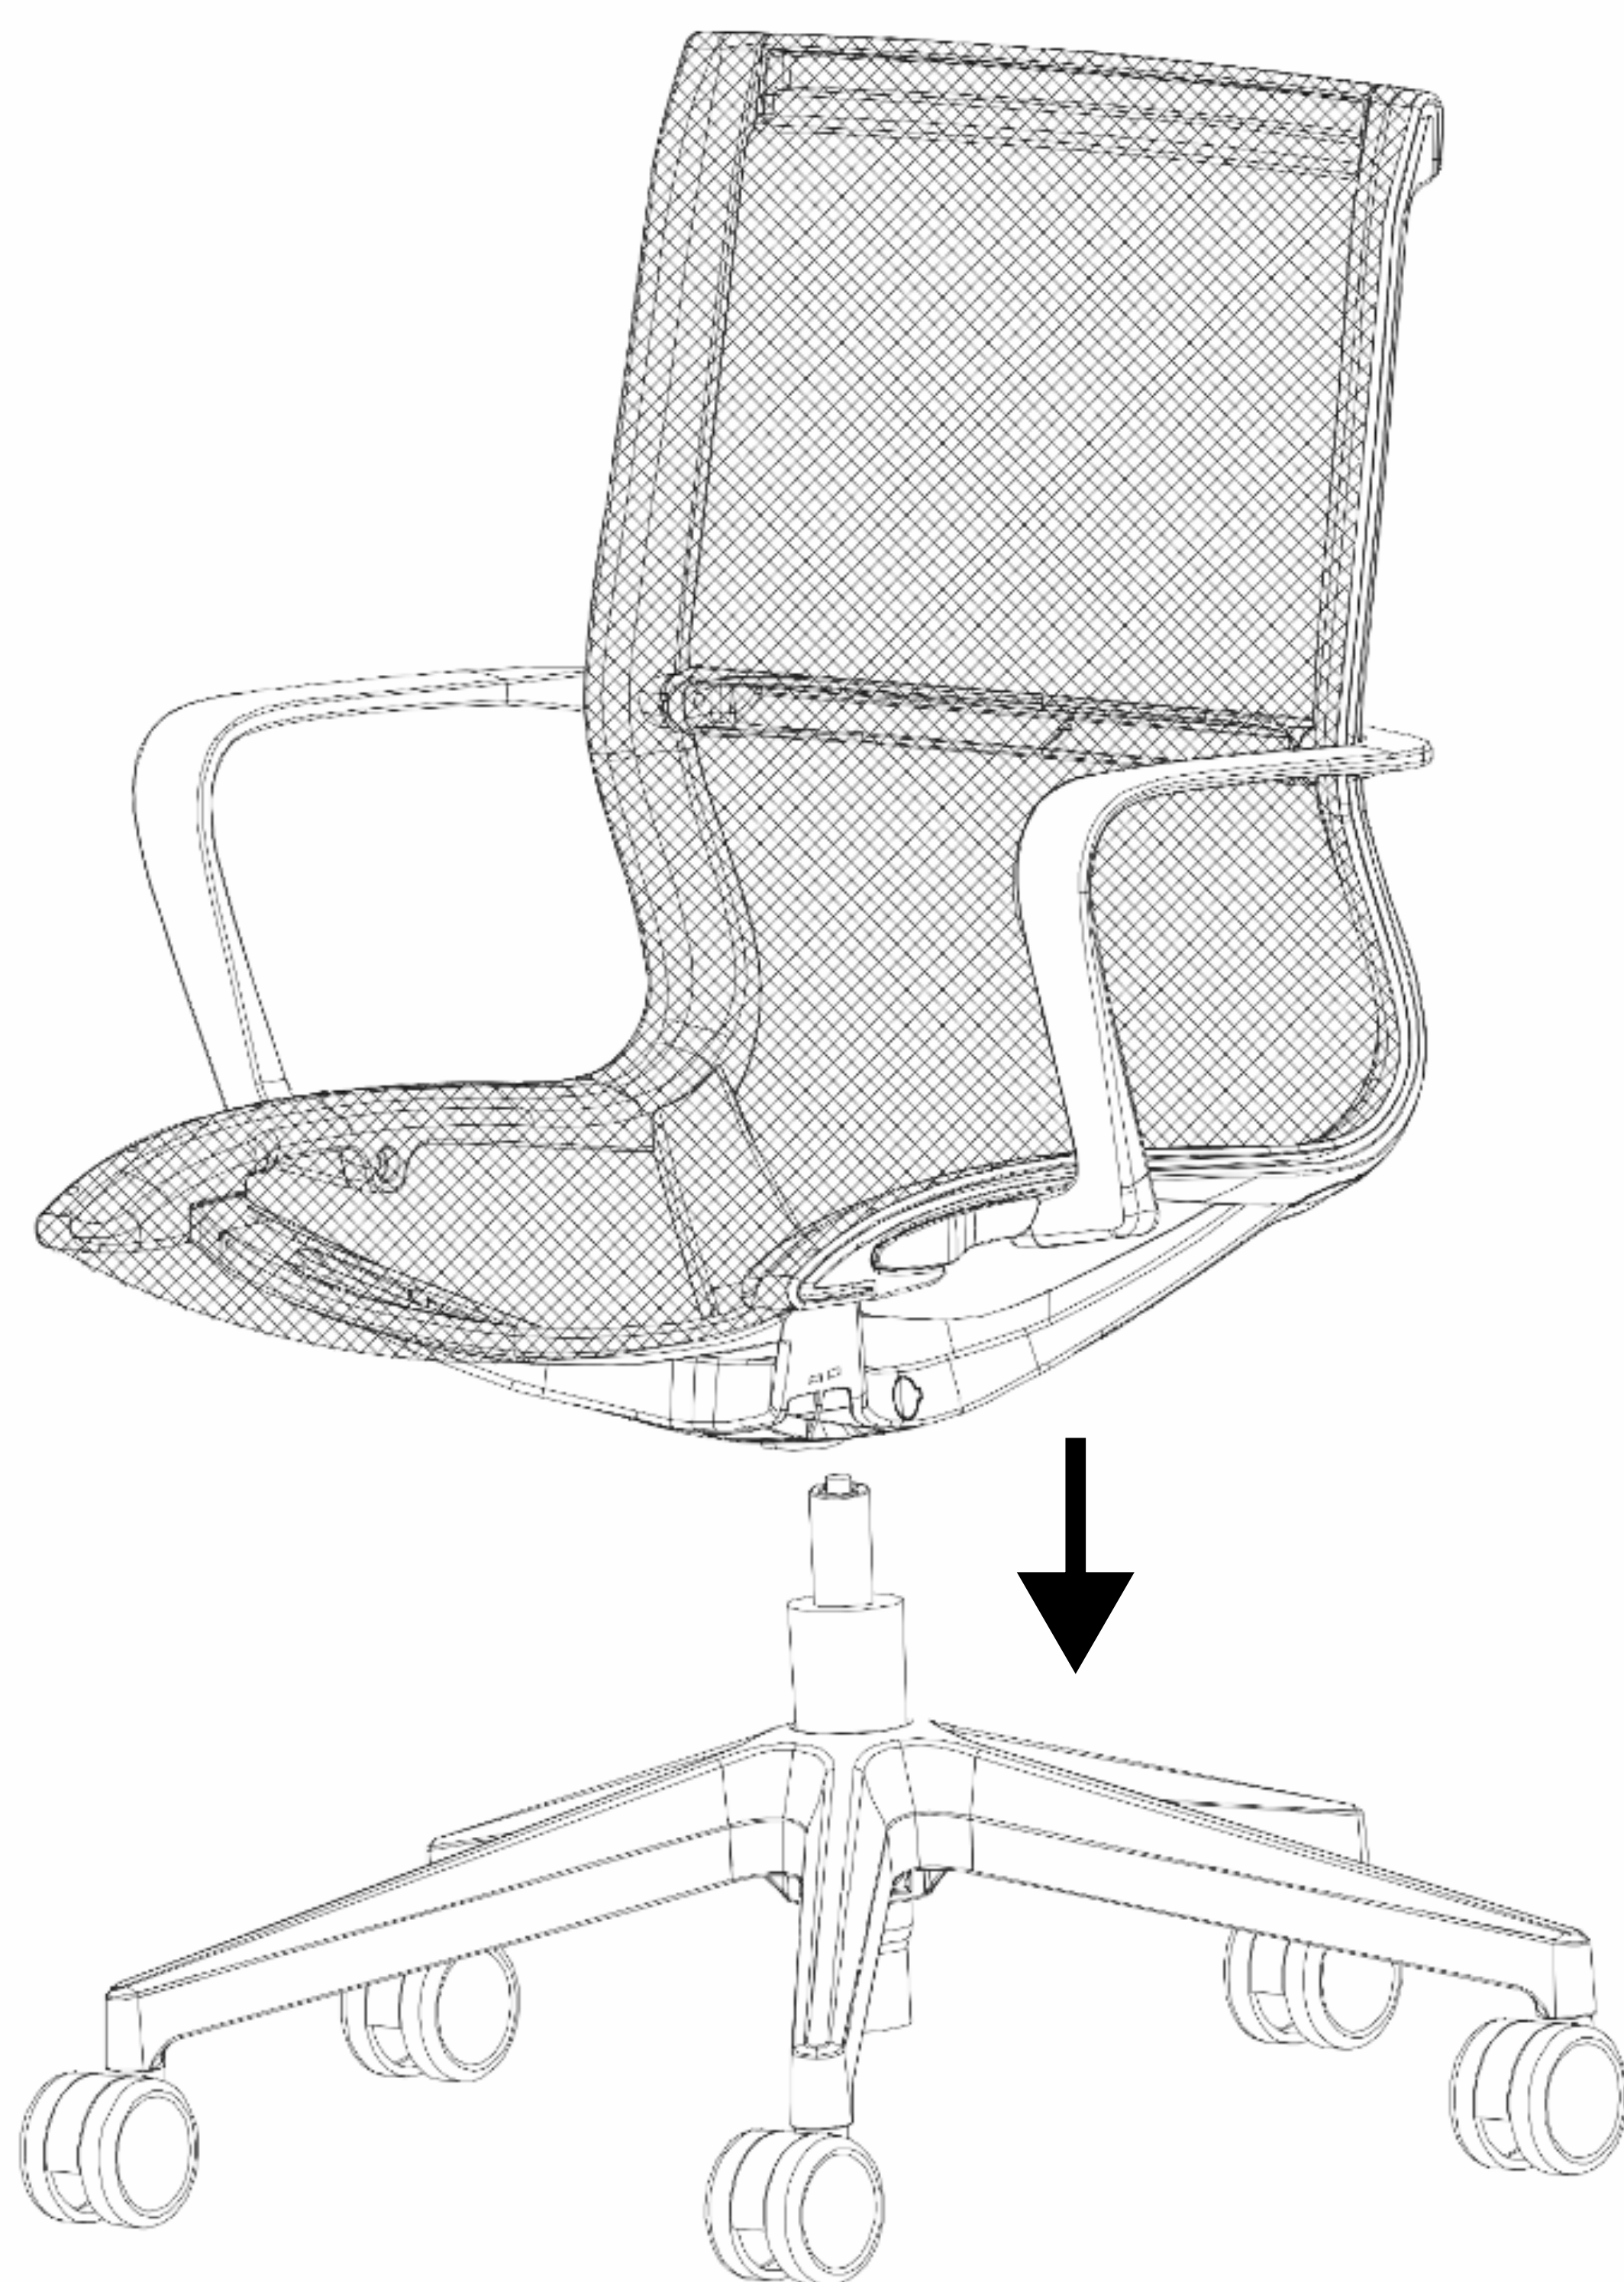

TIP: Be sure to use a bit of elbow grease for pushing those casters into place!

Last step! Yes last step!
Slide the center hole of the **Seat Shell** over
the top of the **Seat Post**. Push down firmly
until the connection is secure.
Easy as that!

TIP: Head to the pub for a bevvv - you've earned it!
