

# SOUND PROOF BOOTHS FOR THE MODERN WORKPLACE.

DESIGNED IN AUSTRALIA

ASSEMBLED IN THE WORKPLACE

# What we do

Introducing spaces to connect,  
collaborate and contribute.

Modular by design and function, our soundproof booths are  
made from sustainable materials and installed in hours.

# DID YOU KNOW

**23 minutes** is the average time required to regain focus after an interruption in the workplace<sup>1</sup>.

**95%** of employees agree that working and taking calls in a quiet and private space was important to them<sup>2</sup>.

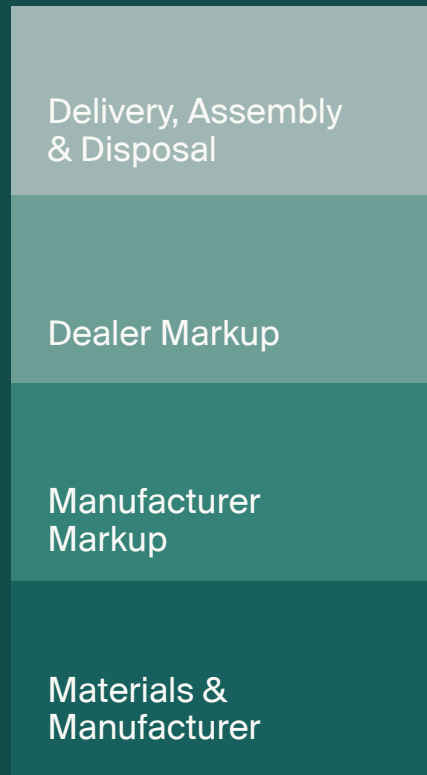

**31%** said they had to leave the office to actually find a place to focus in order to get their jobs completed or to take a call<sup>3</sup>.

<sup>1</sup>University of California Irvine's workplace study, The Cost of Interrupted Work: More Speed and Stress - <https://www.ics.uci.edu/~gmark/chi08-mark.pdf>

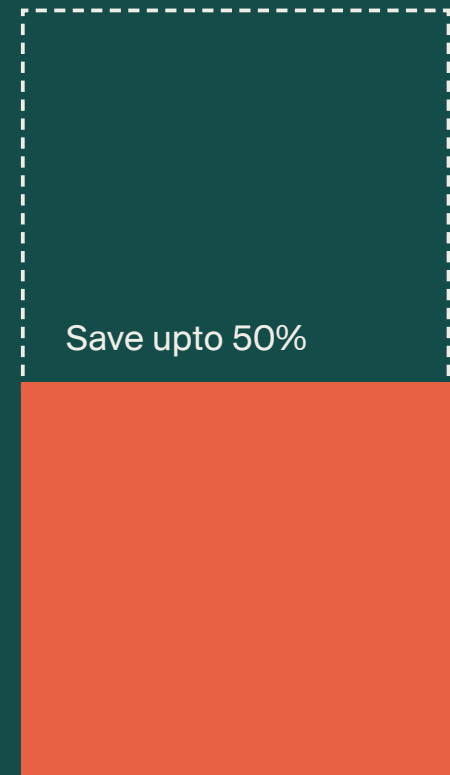

<sup>2</sup>Results from a survey of 10,000 employees from a range of industries in 14 countries study conducted for <https://www.steelcase.com/research/articles/privacy-crisis/>

# We sell direct and share the savings

Recess cut out middlemen and maintain a lean line of modular inventory to save you up to 50% compared to the price of other soundproof booths of comparable quality.

# Why Us

## FAST DELIVERY

Delivered to your office in a couple of weeks, not months.

## LIFETIME WARRANTY

Designs that last the test of time and stay out of landfill.

## FREE RETURNS

If you don't love it, return within 30 days - no questions asked.\*

## AFFORDABLE FURNITURE

For businesses and budgets of all shapes and sizes.

## TRANSPARENT PRICES

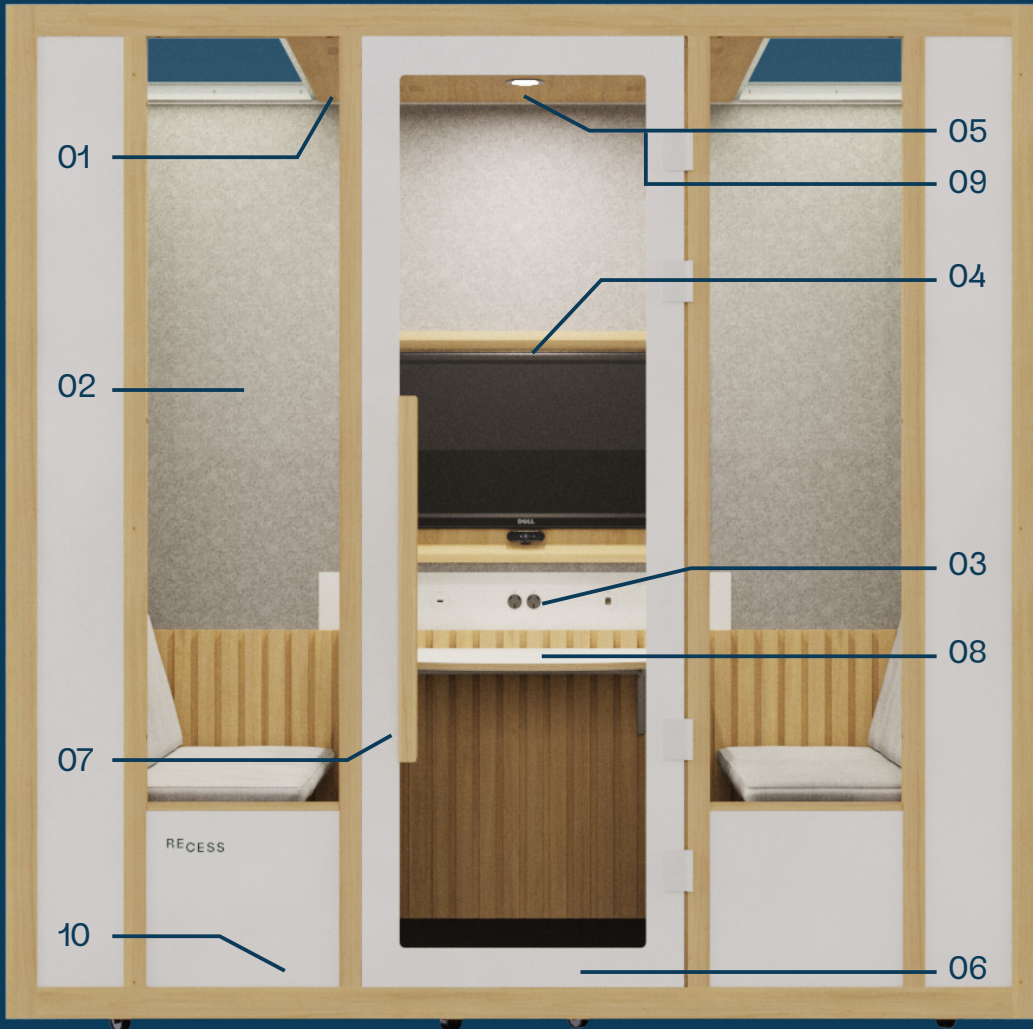

We sell direct, void of middlemen and markups, to save you up to 50%.  
No hidden fees.

## AWARD WINNING DESIGN

Designed in Australia.

# Features

## 1 Ventilated

All our soundproof booths are equipped with silent fans that cycle the entire space in less than 3 minutes.

## 6 DDA Compliant

Our four-person cove has an optional access ramp with motion sensor operated sliding doors.

## 2 Flexible

Modular and flexible to move around the office and fit any space. Don't settle for ineffective and costly built in options. Assembled for you, on site.

## 7 Soundproofing

Composed of sound-absorbing cotton + environmental friendly plywood.

## 3 Connected. Power up.

All power and electricals in-built. USB & Australian mains socket. Desk and white board included.

## 8 Desk

A work station large enough to accommodate multiple people, perfect for productivity.

## 4 Conferencing Capabilities

Our 4 person and 6 person booths can be equipped with a 32 inch monitor and a 180 degree camera.

## 9 Sensors

Light and ventilation sensors help you stay energy efficient all day long.

## 5 Warm Lighting

12W LED soft box natural focus light perfectly designed for productivity.

## 10 Premium Materials

Aluminium frame, tempered glass and carbon polymer acoustic panels with woven PET lining.

- Soundproofing material (Recycled): All made from Recycled PET with a minimum of 60% post consumer materials
- All PET Recycled materials tested for VOC (Volatile Organic Compounds) According to US EPA 5021A:2003 regulations

# Our Key Clients

The Recess team was professional, yet personable and really took the time to understand our vision.

Everything was completed on time, all of our staff absolutely love working from their stand up desks and we were blown away by the production quality of the soundproof booths given the appealing price point.

**Charlie Gearside**  
Co-Founder - Eucalyptus

We bought a Nook for our Design Agency Raw Studio, and we love the sounds insulation. Assembly and customer service was on point. Would recommend.

**Philippe H**  
Raw Studio

Nook has pride of place in the AfterWork office. They allow us to take calls and Zoom meetings without disturbing the rest of the team, or work in a distraction-free zone.

**Jess Wu**  
Afterwork Ventures
