

To our customers & community,

Due to the most recent announcements from the Victorian premier regarding efforts to reduce the spread of COVID-19 our **retail store will be closed until further notice**. Although this is a very trying time for many small businesses, us included, we agree this is the right decision and our priority is always with the health of our staff, customers and community.

Our **online store is still fully operational** and online orders are being processed and shipped as usual unless any further changes are announced. We will try our best to have everything processed in a timely manner however please be prepared for potential delays in despatch and shipping.

We are also offering **30% off all stock site wide** (over \$30) until further notice.

Thank you for all your love and support, please look out for yourselves and each other during this very weird time we are living through. Call your friends and make sure they're ok.

We'll see you soon.

Love Seagulls xo
