# ACCESS GRANTED.

The complete guide to LiftMaster®
credentialed access control.

CREDENTIALED CONTROL.

No matter the application, LiftMaster® provides a full suite of trusted and reliable credentialed access products that seamlessly work together. From gated communities to mixed-use buildings, give your customers the confidence to manage the access of their community with a credentialed LiftMaster solution.

RESIDENTIAL GATED COMMUNITY

The CAPXL and CAP2D, powered by myQ® business™, make it easier than ever to manage day-to-day operations from anywhere. Now, by integrating our LiftMaster RFID system, even the busiest credentialed access entries or exits will operate smoothly. Perfect for retrofit or new installations, this plug and play access control works with LiftMaster Gate Operators and Accessories to keep your community moving.

HIGH-RISE COMMUNITY
WITH PARKING GARAGE

The vibrant, high definition touchscreen of the CAPXL with myQ® business™ becomes more powerful when paired with our RFID System. In high-traffic buildings, our RFID Reader reduces vehicle congestion by automating your access control process by seamlessly connecting with the CAPXL and CAP2D. Credentialed access has never been easier with our smart technology that features remote diagnostics, email notifications and require nothing to download or sync.

INSTRUCTIONS FOR SPECIAL-ORDER CREDENTIAL CARD AND KEY FOBS
Cards can only be ordered in boxes of 100.

1. Place your order directly with your local distributor, by emailing Customer.Service@LiftMaster.com (not able to order via the Dealer Extranet) or by calling 800.323.2276.
2. Have your Facility Code (FC) and ID Start # available and noted on your order.
3. Review and confirm FC/ID Start # on your confirmation.
   ORDERS CANNOT BE CANCELLED ONCE SUBMITTED AND CONFIRMED.

RFID TAGS
If specific Facility Code and Start ID required, use specific special parts numbers SPLMHNTG (order in multiples of 25) and SPLMUNTG (order in multiples of 50).
