

PRODUCT UPDATE

Date: July 2003
Update #: 2003-06
Model #: 8' T-Rails G1708, G1778, G2778
Subject: Pallet Quantity Change

Please be advised that full pallet quantities of all LiftMaster[®] 8' T-Rail pallets have been changed from 60 to 70 pieces.

Transportation and warehousing test results prompted a change in the overall length of the 8' rail pallet was lengthened to better protect and prevent breakage of the idler pulley on the end of each rail assembly and allows for an additional 10 rails to be stocked on the pallet.

This quality improvement was put into production on June 16, 2003.
