

Rothco Black Chelsea Work Boots

Start your day right with a step forward in our Chelsea Work Boots. Designed with full grain waterproof leather uppers, these slip on work boots keep your feet dry from the elements, while offering all-day comfort that stays with you. Slip-On Convenience: The reinforced pull tabs and elastic side panels make it easy to either pull the Chelsea boots on or take them off. Secure Footing: The work boots feature a slip and oil resistant rubber sole for improved grip and traction that prevents slips or falls. Lightweight & Comfortable: Featuring wear resistant mesh lining and removable EVA foam insoles, these breathable work boots provide long-lasting comfort and cushioning. The composite shank offers additional support and stability while remaining lightweight for quick and easy mobility. Getting the Job Done: From mechanic shops to warehouses, the slip resistant boots are great for engineers, tradesmen, industry workers, carpenters, or anyone that turns a wrench. Staying on Your Toes: Designed with precision and built to withstand the harshest conditions, Rothco's collection of footwear and accessories combines durability, functionality, and unparalleled performance. From our Forced Entry Series which features our speedlace and waterproof technologies, to our V-Max Collection designed with lightweight running shoe soles, our diverse range of footwear provides unmatched comfort and protection for everyone from active-duty personnel to outdoor enthusiasts. With a rich heritage spanning over 7 decades, Rothco is the go-to brand for all things that keep you standing on your feet.
