

Rothco Midnight Camo M-65 Field Jacket

Based on a tried-and-true classic, our Midnight Camo M-65 Field Jacket features a water-repellent outer shell that shields you from the wind, rain, snow, and sleet. The stowaway drawstring hood conveniently stores inside the collar, and is easily accessible when needed. Designed to government specifications, this comfortable military jacket will keep you warm and dry, no matter the location. **Midnight Camo Collection:** Inspired by stealth operations that require zero visibility to the opposition, Rothco has reinvented the classic Woodland Camouflage Pattern as well as our bestselling Black Camouflage Pattern to bring you the Midnight Camo Collection. The subdued color combinations offer a true stealth, sharp and sleek appearance whether on mission or off. **Versatile Layering:** The field jacket features a removable quilted button-in liner that provides essential warmth and insulation. This liner can be worn on its own as an all-season jacket, giving you an additional wardrobe option when gearing up for the day. **Utility at the Forefront:** The bi-swing back design lets you move with ease, allowing you to focus on the task at hand. The sturdy brass zipper closure with 6 button-snap storm flap, adjustable wrist cuffs, interior waist drawcord, and drawstring bottom keep the cold out and the heat in. The button-down shoulder epaulettes help secure a bag, pouch, or additional accessories. **Everyday Carry:** These military jackets offer large-capacity storage options through 4 single-snap button pleated bellow cargo pockets (2 on the chest and 2 on the waist) that are ideal for EDC essentials, such as your phone, wallet, and keys.
