

Rothco Midnight Camo Special Ops Soft Shell Jackets

As part of Rothco's rugged Soft Shell outerwear series, the Midnight Camo Special Ops Soft Shell Jacket shields you from harsh weather. The Soft Shell Waterproof 3-layer fabric system deflects wind, retains heat, and releases moisture. The high-performance fabric will help protect and keep you comfortable while braving the elements. This versatile camouflage jacket is perfect for active-duty personnel and outdoor enthusiasts.

Ultimate Stealth Ops Camo: Inspired by stealth operations that require zero visibility to the opposition, Rothco has reinvented the classic Woodland Camouflage Pattern as well as our bestselling Black Camouflage Pattern to bring you the Midnight Camo Collection. The subdued color combinations offer a true stealth, sharp and sleek appearance whether on mission or off.

Comfort Fleece Lining: Conquer the cold with this fleece-lined fortress of a collar, featuring a removable hood that is ready to vanish when duty calls! The comfortable fleece lining allows you to stand tall, stay warm, and embrace the adventure.

High-Capacity Storage: Level up your readiness with 2 zip chest pockets featuring internal d-rings, a wire pass-through port, and a pouch. Add in 2 shoulder zip pockets, 2 internal pockets, a rear zippered back pocket, and a left arm zip pocket for additional storage.

Utility at the Forefront: The tactical jacket features underarm ventilation zippers that ensure optimal comfort by allowing air circulation. The drawstring waist and adjustable elastic wrists cuffs provide a perfect fit, while the two-way zipper offers quick and easy access. The 2 shoulder loop fields are great for displaying your morale and flag patches.
