

Rothco X Bear Archery Fred Bear Camo Adjustable Boonie Hat

In collaboration with Bear Archery, the revered Fred Bear camouflage pattern comes to life through Rothco's legendary outdoor apparel and gear, including our Adjustable Boonie Hat. Each item in the Fred Bear Camouflage collection has been crafted using the iconic Fred Bear camo pattern. **Dominate the Sun:** With a wide, structured brim, these camouflage bucket hats provide 360-degree coverage from the sun while shading your neck and face, keeping you cool when out in the wilderness. These camo bowhunting hats are great for hunting, fishing, camping, and other outdoor activities. **One Size Fits Most:** Our boonie bucket hats use an adjustable elastic cord with a cord lock that cinches at the crown for a perfect fit that accommodates most hat sizes (6 3/4 – 7 3/4). In addition, the adjustable chin strap ensures the military boonie stays in place during a windy day or when you're on-the-go. **Rugged & Long-Lasting:** These adjustable bucket hats are built with a breathable 55% cotton / 45% polyester blend for unmatched resiliency and easy-to-care for maintenance. These boonie hats easily withstand rigorous outdoor use and sun exposure while providing a comfortable fit and feel. **Utility at the Forefront:** This bowhunting hat features 4 screen side vents that keep you cool by circulating hot or humid air away from your head, allowing you to focus on the task at hand. The internal map pocket provides a place to store maps, paperwork, and extra money.
