NAP EAZY

Finding solutions
to travelers'
discomfort

Our journey to creating napEazy®

began after an uncomfortable long-haul flight to London in 2018 while working as Aerospace Engineers at Airbus.

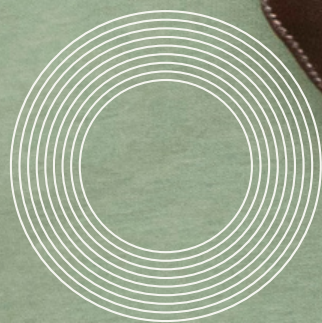

We wanted to find a solution for travel pain and the effects lousy posture has on our health.

**WE BELIEVE THAT
COMFORT SHOULD BE
A PRIORITY RATHER
THAN A LUXURY**

The work
from home &
road trip
essential.

OUR VISION AND MISSION

WE BELIEVE THAT WE ARE SO ACCUSTOMED TO THE DISCOMFORT, WE HAVE MADE PEACE WITH IT.

Our team of visionaries are passionate individuals with a drive to make the world a better place.

Our products embody our vision to comfort people while they travel, commute, or work from home or office.

We want ergonomics to be at the core of our products so that you can be safe and protected as you nap or work.
