

Product Specifications

Product number:	<i>HHD-3200</i>
Description:	<u>Human anti-Hepatitis D, purified</u>
Amount:	<i>20 mg</i>
Physical state:	<i>Frozen liquid, buffered 0.05M Sodium Phosphate, 0.15M NaCl, pH 7.4.</i>
Manufacturing method:	<i>Human anti-Hepatitis D antibody is purified by chromatographic methodology.</i>
Storage conditions:	<i><-70°C</i>
Instructions for use:	<i>Suitable for use in standard solid phase immunoassays.</i>
Warnings:	<i>For research or further manufacturing use only.</i>

This product meets or surpasses ImmunoVision's specifications.
