

BIRD PERCH DETERRENT™

NOMENCLATURE

BIRD PERCH DETERRENT

Crossarm

Angle

Spacing: Approximately 8" between deterrent uprights

Color: Gray or yellow

Material: Outdoor grade polyvinyl chloride (PVC)

Thermal Rating: 125°C Continuous

GENERAL RECOMMENDATIONS

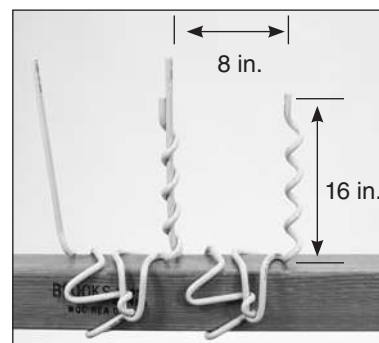

The BIRD PERCH DETERRENT (BPD) is designed to restrict an area on a structure where large birds can perch. In a Distribution Environment, the BPD can prevent electrocution due to incidental avian contact. In a transmission setting, fouling of key equipment can be stopped. It provides an economical means of reducing line outages while being easily installed.

The BIRD PERCH DETERRENT is lightweight, offers little wind resistance and is easily and quickly installed by hand or by hot stick. The BIRD PERCH DETERRENT will remain in its applied location and will not move along the crossarm due to Aeolian vibration or other conditions.

Materials: The BIRD PERCH DETERRENT is manufactured from outdoor grade polyvinyl chloride (PVC) possessing excellent chemical and strength properties and will retain good physical characteristics within a range of extreme temperatures. Industrial fumes and salt water won't degrade the properties of rigid PVC.

APPLICATIONS

Spacing: A minimum of two BIRD PERCH DETERRENTS are required to ensure proper application. Each BIRD PERCH DETERRENT has approximately an 8" spacing between the uprights. Calculate the number required for the distance between insulators and/or pole.

Catalog Number	Description	Crossarm/Angle Dimensions (W x H)	Carton Qty
BPD-XARM	BIRD PERCH DETERRENT Crossarm	3.25" x 4.25" (8.3 x 10.8 cm) up to 3.75" x 4.75" (9.5 x 12 cm)	16
BPD-A22	BIRD PERCH DETERRENT Angle	2" x 2" (5.0 x 5.0 cm)	24
BPD-IA22	BIRD PERCH DETERRENT Inverted Angle	2" x 2" (5.0 x 5.0 cm)	24
BPD-A25	BIRD PERCH DETERRENT Angle	2.5" x 2.5" (6.3 x 6.3 cm)	24
BPD-IA25	BIRD PERCH DETERRENT Inverted Angle	2.5" x 2.5" (6.3 x 6.3 cm)	24
BPD-A225	BIRD PERCH DETERRENT Angle	2" x 2.5" (5.0 x 6.3 cm)	24
BPD-IA225	BIRD PERCH DETERRENT Inverted Angle	2" x 2.5" (5.0 x 6.3 cm)	24
BPD-W6I	BIRD PERCH DETERRENT I-Beam	6" x 6" (15.2 x 15.2 cm)	16
BPD-W10I	BIRD PERCH DETERRENT I-Beam	10" x 10" (25.4 x 25.4 cm)	16
BPD-HD64	BIRD PERCH DETERRENT Heavy Duty Crossarm	6" x 4" (15.2 x 10.2 cm)	16
BPD-HD55	BIRD PERCH DETERRENT Heavy Duty Crossarm	5" x 5" (12.7 x 12.7 cm)	16
BPD-DAVIT	BIRD PERCH DETERRENT Davit Arm	Universal	24
BPD-HD3585	BIRD PERCH DETERRENT Heavy Duty Crossarm	3-1/2" x 8-1/2" (8.8 x 8.8 cm)	16
BPD-HD5777	BIRD PERCH DETERRENT Heavy Duty Crossarm	5-3/4" x 7-3/4" (14.6 x 14.6 cm)	16

NOTE: BIRD PERCH DETERRENTS should not be used if nesting of large birds is present. Many other sizes are available. Please contact PLP for more options.
