### Marche IGT Bianco from 100% Pecorino grapes

#### Production area

Ripatransone and neighbouring villages.

#### Wine varieties

Pecorino

#### Serving suggestions

Ideal with grilled fish and fresh soft cheeses

Marche Bianco from 100% Pecorino grapes is the successful result of a land nurtured with respect, in a virtuous cycle, where doing good work brings out the very best in the drink.

#### Average yield per hectare

8/9 tones of grapes.

#### Serving temperature

We recommend serving at 12-14 C°.

ORGANIC WINE  
IT-BIO-009  
Agricoltura Italia

#### Vinification

Special selection of grapes picked and collected in baskets. Soft pressing, thermo-conditioned fermentation.

dei colli ripani

### **How we obtain our organic wine:**

**By growing respecting the environment.**

We respect EC reg. 834/2007. The pruning, tying-up and removal of side shoots are done manually by our members.

**By carrying out natural prevention.**

Our vineyards are monitored by our technicians, who assess the need for possible interventions to counter pathogens with copper or sulphur-based products and antagonist mushrooms.

**By preserving every single grape berry.**

Harvesting is done by hand with little baskets that are brought to the winery as quickly as possible.

**By using renewable energy.**

Grape stalks are separated with machinery powered by the electric energy that is generated by a photovoltaic installation on the roof of our winery.

**By paying attention to the smallest details.**

The fermentation is monitored by our technicians through analytical laboratory checks and daily tastings. The wine produced this way is cleaned by natural static decantation and then filtered.

**By recycling.**

For our wines we use lighter and environmentally friendly glass bottles, 100% recyclable cork.
