### Linea Colli Ripani

#### Marche IGT Merlot

##### Production area

Ripatransone and neighbouring villages.

##### Wine varieties

Merlot.

##### Vinification

Selection of grapes. Maceration before skin removal. Soft pressing and fermentation at controlled temperature.

##### Serving temperature

We recommend serving at 18/20°C.

##### Picking method

By hand.

##### Organoleptic characteristics

Ruby red colour with violet hues. Intensely fruity aroma with hints of cherry and strawberry. Well-balanced flavour with good persistence.

##### Average yield per hectare

10/11 tons of grapes.

##### Serving suggestions

Appetisers, first courses and grilled meats.
