Linea Colli Ripani

Marche IGT Trebbiano

Production area

Ripatransone and neighbouring villages.

Wine varieties

Trebbiano toscano bianco.

Vinification

Soft pressing with must debourbage and
temperaturecontrolled fermentation.
Maturation 'sur lie' for at least three months.

Serving temperature

We recommend serving at 10/12°C.

Picking method

By hand.

Organoleptic characteristics

Pale yellow colour. An intense fruity floral
aroma with notes of white flowers and
yellowfleshed fruit. Flavourful and easy to
drink.

Average yield per hectare

11/12 tons of grapes.

Serving suggestions

Appetisers and seafood dishes.
