Linea Colli Ripani

Rosso Piceno DOC

Production area

Ripatransone and neighbouring villages.

Wine varieties

Montepulciano, Sangiovese.

Vinification

Selection of grapes, long maceration of grapes, délestage and soft pressing.

Serving temperature

We recommend serving at 14/16°C.

Picking method

By hand.

Organoleptic characteristics

Deep ruby colour, rich notes of flowers and red fruits. Fruity, full-bodied and persistent.

Average yield per hectare

10/11 tons of grapes.

Serving suggestions

Ideal with roasted and grilled meat.
