Parent Volunteer Info - Together we can achieve the extraordinary!

Annoor Academy needs family involvement and parent volunteers to operate efficiently and effectively. Parent participation helps to keep our tuition affordable and helps to create a community-building atmosphere.

Every Annoor Academy family is required to volunteer a minimum of **10 hours of service per quarter**. This can be achieved with the help of family members and friends aged 18 and older. Please note you may volunteer to work fundraisers, attend PTO lead events or assist with school needs. We will inform you of Annoor Academy community service opportunities as they become available; remember, the community service must be organized by our school.

Parents that are unable to complete volunteer work hours will be charged \$15 per incomplete hour. You may buy-out your hours by paying \$600.
