CBIE640T

60cm Induction Cooktop

Frameless design

FEATURES

60cm Black Glass

The frameless black glass makes for a contemporary design that will suit any kitchen decor.

Easy Touch control

All the control you require at the touch of a finger on the front centre control panel.

4 zones

2 large zones and 2 x Medium zones enable different sized pots to be used at the same time.

Residual Heat Indicator

When the glass plate is hot, the residual heat warning light will come on

Auto safety switch off - over temperature protection

This cooktop is equipped with a temperature sensor which can detect when the cooktop is at excessive heat. If this happens, the sensor will automatically switch off the relevant cooking zone.

Timers

This cooktop is equipped with a timer that can switch off a cooking zone after the set amount of time has elapsed.

Child lock

The controls can be locked to protect accidental use and to protect children.

Installation

When installing an induction cooktop, ensure that you have the adequate clearance in the cabinetry as stipulated in the installation guide.
