60cm Stainless Steel Rangehood

Curved Glass

FEATURES

60cm Curved Glass Canopy

This 60cm Curved Glass canopy rangehood has a modern, contemporary twist that will enhance the look of any kitchen.

Up to 700m³/hr extraction rate

The powerful motor will extract smoke/steam/odours at up to 700m³ per hour, which will suit most kitchen sizes.

2 * 5 Layer Aluminium Filter

The 5 layer design ensures the maximum amount of smoke and odours are extracted and all grease is caught within the filter. The filters are dishwasherable.

2 * 1.5W LED lighting

LED lighting ensures a more natural light, whilst providing a longer lasting bulb.

Ducting Included

This rangehood comes with 2.0m of ducting included in the box. The diameter of this ducting is 150mm.

Ducted or Recirculated

This product can be ducted so the air is exhausted through a vent outside. If no external vent is available there is a recirculating option by way of using charcoal filters in the unit (Charcoal filters are sold separately)
