RBES630LX

60cm Stainless Steel Rangehood
Flare Canopy design

FEATURES

60cm Flare Canopy

This 60cm stainless steel flare canopy rangehood is a traditional design, perfect as a replacement or an upgrade of an older model with the same shape.

Up to 900m³/hr extraction rate

The powerful motor will extract smoke/steam/odours at up to 900m³ per hour, which will suit most kitchen sizes.

2 * 5 Layer Aluminium Filters

The 5 layer design ensures the maximum amount of smoke and odours are extracted and all grease is caught within the filter. The filters are dishwasherable.

2 * 1.5W LED lighting

LED lighting ensures a more natural light, whilst providing a longer lasting bulb than halogen bulbs.

Ducting Included

This rangehood comes with 1.5m of ducting included in the box. The diameter of this ducting is 150mm.
