

BATTERY SAFETY INFORMATION

- Use only size "AAA" (LR03) alkaline batteries (3 required).
- Charging of rechargeable batteries should only be done under adult supervision with batteries removed from product.
- Do not mix old and new batteries.
- Do not mix alkaline, standard (carbon-zinc), or rechargeable batteries.
- Be sure to insert the batteries correctly and follow the toy and battery manufacturer's instruction.
- Always remove exhausted or dead batteries from the product.
- Dispose of dead batteries properly: do not burn or bury them.
- Do not attempt to recharge non-rechargeable batteries.
- Avoid short-circuiting battery terminals.
- Remove batteries before placing the unit into storage for a prolonged period of time.

LIMITED WARRANTY

The Little Tikes Company makes fun, high quality toys. We warrant to the original purchaser that this product is free of defects in materials or workmanship for one year * from the date of purchase (dated sales receipt is required for proof of purchase). At the sole election of The Little Tikes Company, the only remedies available under this warranty will be the replacement of the defective part or replacement of the product. This warranty is valid only if the product has been assembled and maintained per the instructions. This warranty does not cover abuse, accident, cosmetic issues such as fading or scratches from normal wear, or any other cause not arising from defects in material and workmanship. *The warranty period is three (3) months for daycare or commercial purchasers. U.S.A and Canada: For warranty service or replacement part information, please visit our website at www.littletikes.com, call 1-800-321-0183 or write to: Consumer Service, The Little Tikes Company, 2180 Barlow Road, Hudson OH 44236, U.S.A. Some replacement parts may be available for purchase after warranty expires—contact us for details. Outside U.S.A and Canada: Contact place of purchase for warranty service. This warranty gives you specific legal rights, and you may also have other rights, which vary from country/state to country/state. Some countries/states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

'Let's care for the environment!'

The wheelee bin symbol indicates that the product must not be disposed of with other household waste. Please use designated collection points or recycling facilities when disposing of the item. Do not treat old batteries as household waste. Take them to a designated recycling facility.

Please keep this manual as it contains important information.

AGES 3+ YEARS
ADULT SUPERVISION AND BATTERY INSTALLATION REQUIRED.

CONTENTS

- A. 1 Swim to Me Puppy™
- B. 1 Pair of Goggles
- C. 1 Adoption Certificate
- D. 1 Leash

Illustrations are for reference only. Styles may vary from actual contents.

BATTERY INSTALLATION

Before playing with Swim to Me Puppy™, an adult must install fresh alkaline batteries. Here's how:

1. Using a Phillips screwdriver (not included) remove the screws and battery compartment cover from the underside of the puppy.
2. Install three (3) fresh 1.5V AAA alkaline batteries (not included) making sure the (+) and (-) ends face the proper direction as indicated inside the battery compartment.
3. Replace the compartment cover and tighten the screws.

IMPORTANT NOTES:

- Dry the puppy thoroughly before opening the battery compartment.
- If moisture is present in the battery compartment, dry it with a towel.

QUICK START

Before beginning, cover the play area to prevent possible water damage.

SWIMMING WITH YOUR PUPPY

⚠ CAUTION: Adult supervision is required when children are playing around water.

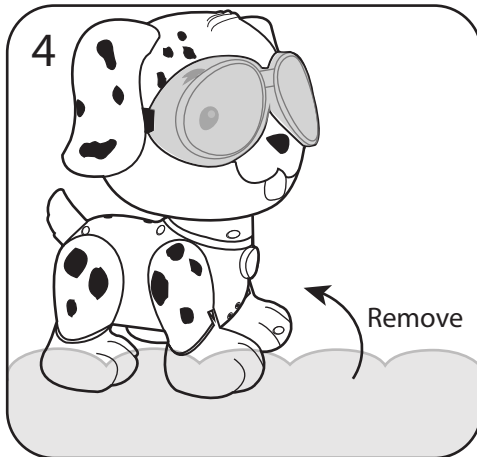

Place goggles over the puppy's head.

With the puppy's head facing forward, set it in a bathtub, swimming pool or other large container of clean, clear water. For best results, hold the puppy's body under water until all of the air bubbles disappear from the holes on its back.

As soon as the puppy's sensors touch the water, it begins to kick its legs and swim straight ahead.

Remove puppy from water and his legs will stop moving.

WALKING YOUR PUPPY

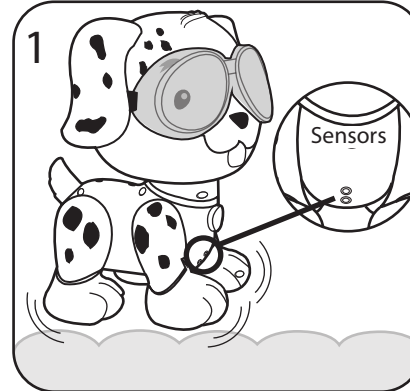

Place leash around puppy's neck.

To get puppy to walk, press on the collar's tag. To turn off puppy, press its tag again.

DRYING OFF THE SENSORS

If the puppy's legs won't stop kicking after removing from the water, try drying off the sensors.

Remove the puppy from the water and locate the sensors.

Using a towel or dry cloth, wipe off any moisture on the sensors. The puppy's legs will stop moving.

⚠ WARNING:

- Do not allow children to play in water that is near an electrical source or apparatus in order to avoid electric shock and/or electrocution.
- Do not leave puppy near an electrical source or apparatus when wet.
- Do not use the Swim to Me Puppy™ as a flotation device.
- Always supervise when children are playing around water.

IMPORTANT INFORMATION

- Avoid leaving puppy in extremely hot or extremely cold water.
- Avoid keeping puppy in bath, salt or chlorinated pool water as discoloration or bleaching may occur.
- Only place puppy in clean, clear water.
- After play, drain excess water from the holes on puppy's back. Air dry the puppy thoroughly and bring indoors. Prolonged exposure to sunlight will cause damage to the puppy.
- Wipe clean with a damp cloth.
- Only place puppy's body into the water. Don't immerse completely in water.
- Do not place puppy's leash around people or animals' necks. Only use in the manner described in this manual.
- Avoid putting puppy's leash in water.
- If water gets into the battery compartment, remove the batteries immediately and let the open compartment air dry.
