Swings and Things is a small family business, we are the combination of a skilled craftsperson and an early childhood teacher. We have been a manufacturer of specialised outdoor equipment for early childhood centres for 35 years.

We are suppliers of all swing fittings and associated equipment, offering excellent service, advice and expertise on swings and swing frames. We produce a range of quality, innovative swings for the whole family, designed for challenge, physical development, fun and enjoyment with a range of physical and motor development equipment.

Our swings are made from recyclable resources whenever possible. We also provide a rope replacement service.

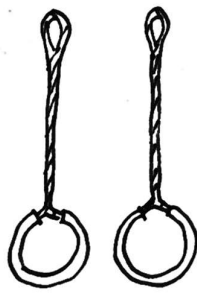

Our range includes 40 different types of swinging equipment.

**Note: The installation and regular maintenance of swings and all fittings are the responsibility of the purchaser.  
All Swings and Things equipment fully complies with NZS5828:2004  
All Prices exclude GST and freight.**

### Re-Roping Service

If your swings are becoming frayed or worn do not throw the swing away, send us an email with a photo and we will access them for repair.

Price by request to [swingsandthingsnz@gmail.com](mailto:swingsandthingsnz@gmail.com)

Send re-rope swings to

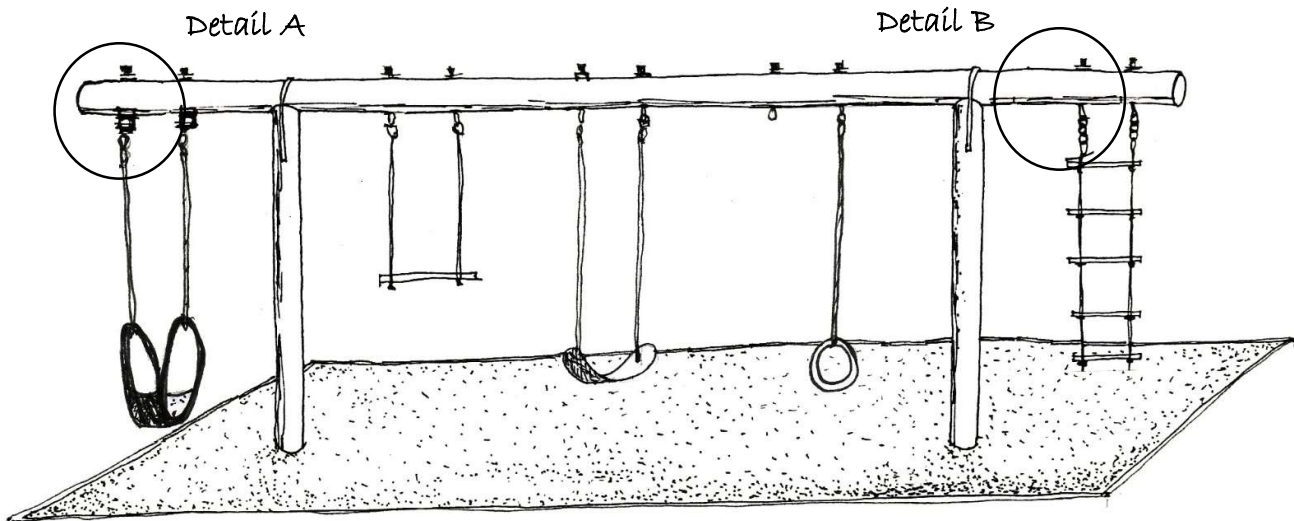

Swings and Things, Unit 7, 13 Beatrice Tinsley Dr, Albany, Auckland. Attention Rob 021 934 062,

Make sure you include your swing frame measurement and of course put a note on where the swing is from!

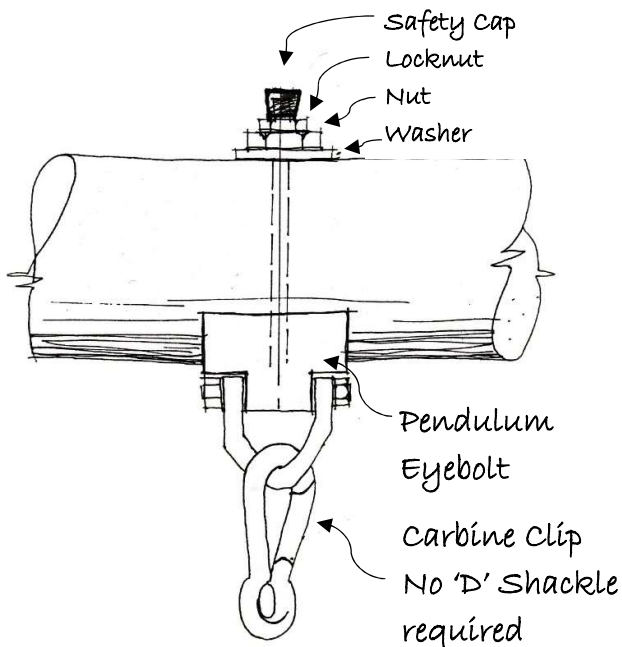

Swing frame showing changeable equipment

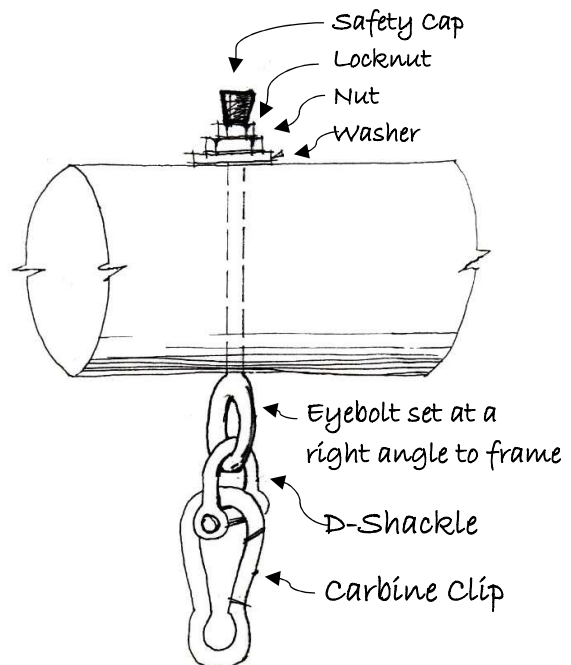

### Detail A Pendulum Eyebolt

This configuration uses the pendulum eyebolt and eliminates wear on the carabine clip and stops squeaks. This is recommended where swings have heavy use.

### Detail B Eyebolt

This configuration uses a 'D' shackle to reduce the wear on the carabine clip. The 'D' shackle needs to be permanently left on the eyebolt.

**Please Note: We also offer a repair and rope replacement service.**  
Prices exclude GST and freight.

Lock Nut

Length

Eyebolts  
 150mm \$16  
 200mm \$17

**Please Note: We also offer a repair and rope replacement service.**  
 Prices exclude GST and freight.

How to order!

Ask for a Quote or Email your order through to [swingsandthingsnz@gmail.com](mailto:swingsandthingsnz@gmail.com)

Once you have selected the swing you would like to purchase, we need some measurements from you. Please measure the height of your swing frame i.e. from the bottom edge of the eyebolt to the ground. We will work out the swing height based on the safety standards and your supplied swing frame measurement.

As swings are made by hand and to order, delivery times can be two to four weeks, please let us know if your need is urgent.

Note: Pricing does not include freight. If required please ask for a separate price for freight as large items can be quite expensive to ship around the country.

If you have any questions, please call 021 128 0521 and we will be pleased to help.

**Please Note: We also offer a repair and rope replacement service.**
