

## Ronya series

Designed by Studio Nooi, Italy

---

Through crafted details and simple, rounded lines, the Ronya table elevates the dining experience to its most warm and inviting form. Studio Nooi have created a cleverly designed extension table, featuring a unique, built-in butterfly mechanism that elegantly extends the table in two simple movements. Allowing the tabletop to remain a full, unbroken surface when not extended. With legs crafted in solid FSC® certified oak and tabletop in beautiful oak veneer or laminate in a selection of colours, the table is tailor-made to meet all your dining needs.

### Meet the designer

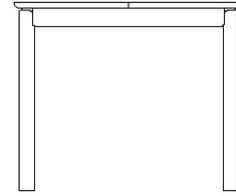

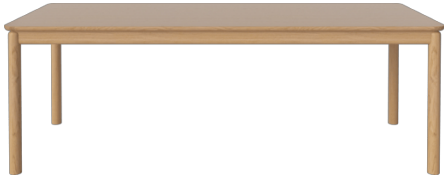

Studio Nooi was founded by Giulia Pesce and Ruggero Bastita in Torino, Italy. Giulia and Ruggero built their approach to design while studying and working as designers in Italy and Denmark. Nooi derives from the Italian word “noi”, meaning “us” – the idea being that design is never an individual act but rather a collaborative process, involving designers, companies, users, artisans and technicians. Nooi’s designs are always the result of good cooperation between people and influenced by society, art, nature and cultural heritage, and the designers are closely involved at every stage of the project development.
