Turn off the electricity supply at the main circuit panel before installing.
Do not connect the electricity supply until your luminaire is fully assembled and installed.

Fix the wall plate (A) to the wall by using wall mounting plugs and screws suitable to your wall type.

Connect the 3 wires according to their colours. Brown is the live wire, blue is the neutral wire, green/yellow is the earth wire.

Place the lamp over the wall plate (B) and fix it securely with the allen screws supplied.

Place the bulbs and finally place the glass and steel tubes on to the frame carefully according to the schedule.
