Attention! Do not connect your luminaire to electricity until it is fully assembled.

Care instructions:
Wipe with a soft dry cloth, do not use chemicals or abrasive cleaning materials.

1. Fix the ceiling plate (C) to the ceiling by using mounting plugs and screws (B&D) suitable for your ceiling.

2. Hold the lamp in an elevated position in such a way that the wires can freely reach the ceiling junction box. Connect the 3 wires. L is the live wire, N is the neutral wire. The course wire is the grounding wire.

3. Place the lamp over the ceiling plate and fix it securely with the screws on the sides. The screws (I) should go through the plastic ring (H) first, so they can be covered with the cap (J).

4. Place the bulbs.

5. Place the glass.
