Monkey Under The Hot Sun Powder Outdoor

Outdoor Cushion

Outdoor cushion illustrated by Alexis Snell

Designed by Alexis Snell this shadowy, playful image was an early drawing she made when writing her book 'The Bear in the Stars'. In two tone colour three stylised monkey silhouettes run across the design under what appears to be a blazing hot sun. Depicted in graphic tone colour this design was printed onto fabric using EcoFast digital pigment printing methods, which use 50% less water than traditional print techniques. Finished with smooth velvet piping.

This outdoor cushion is printed on a polyester cloth with a shower resistant finish which is also anti-mould, anti-mildew, and anti-microbial, and has been filled with a hollow fibre pad. We do recommend, however, that these scatter cushions are looked after carefully and are best used in dry weather. As with most outdoor textiles, they prefer to be stored inside when they are not being used, or during periods of wet, cold, or damp weather.
