## *Pollen Stone*

Cushion

*Neutral squiggle pattern cushion*

A soft and plump square cushion created from our [Pollen](#) fabric in stone. The free flowing design is reminiscent of pollen as it moves through the air on a warm summers day and has been finished with smart ticking stripe fabric around the edge. Designed to be styled alongside the small prints and similar colours of our [Garden Path](#) collection, a homage to the English Garden.

The fabric used in this design is printed on the edge of the Lake District using ECOFAST technology, a digital pigment printing method which uses 50% less water than traditional techniques.
