Pollen Denim

Cushion

Squiggle pattern cushion in navy blue

A soft and plump square cushion created from our Pollen fabric in Denim. The free-flowing squiggle design is reminiscent of pollen as it weaves through the air on a warm summers day. Finished with smart ticking stripe Picket, it is designed to be styled with the other small prints and complementing colours of our Garden Path collection, a homage to the English Garden.

The fabric used in this design is printed on the edge of the Lake District using ECOFAST technology, a digital pigment printing method which uses 50% less water than traditional techniques.
