### Cushion

*Small-scale print cushion designed with Sophie Paterson*

A soft and plump cushion made from our Finch Lichen fabric, designed in collaboration with interior designer, Sophie Paterson. This small-scale print in pale green conjures up images of the delicate markings of birds' feet and was inspired by an original Batik printed document. Piped in smart plain Trek Linen for a simple and elegant finish, this feather-filled cushion is perfect for mixing with the other colours and prints of the Woodland collection.

Printed on the edge of the Lake District using ECOFAST technology, a digital pigment printing method which uses 50% less water than traditional techniques, ensures it is also kinder on our planet.
