Bark Autumn

Cushion

Small-scale geometric cushion designed with Sophie Paterson

A soft and plump cushion created from our Bark Autumn fabric, designed in collaboration with interior designer, Sophie Paterson. The small-scale geometric print emulates the intricate patterns and irregular lines of tree bark. Piped in smart neutral, Canopy Stone, this feather-filled cushion is perfect for mixing with the other colours and prints of the Woodland collection.

Printed on the edge of the Lake District using ECOFAST technology, a digital pigment printing method which uses 50% less water than traditional techniques, ensures it is also kinder on our planet.
