Beehive Denim

Cushion

Geometric rectangular cotton cushion in beehive denim

A luxurious cushion made from **Beehive Denim**, a circular ikat spot design, which forms a loose geometric pattern similar to the structure that honeybees like to make. Finished in **Otter Denim** piping, this is a fresh design that will bring a joyful splash of colour to your home.

Printed in the Lake District using ECOFAST technology, a digital printing method which uses 50% less water than traditional techniques.
