Vincent Moroccan

Dining Chair

Unique and colourful Moroccan dining chair

Bring the warmth and joy of the Medina into your home with the beautiful and colourful Vincent in Moroccan. Available in orange, pink, white, green, yellow, or blue, the fabric on these dining chairs is handwoven by artisans in Marrakesh. Made of natural and bio cactus silk: once the fibres are collected from the aloe vera plant, they are spun and then woven to make silk thread. The thread is then dyed in different beautiful colours, and then hand loomed to make each piece wholly unique.

When you have placed your order, our Design Support Team will contact you via email with images of each Vincent we have available, so you can choose your very own chair, or set.
