

ANDREW MARTIN

Burton

Sofa

Contemporary white linen sofa

Formed of clean lines and with comfort in mind Burton is a simple, modern shaped sofa with skirted base. Made in 2 pieces that easily connect together, with the loose cover upholstery is then fitted over combined sections - making it much easier for access to tighter spaces and the cover removable for dry cleaning. Upholstered in 100% linen for a crisp, contemporary feel with two rectangular scatter cushions (the 2 large square white cushions included in some of the images aren't included)
