

## Angle series

Designed by Says Who, Denmark

---

Angle has an organic and eye-catching design that is reminiscent of Italian design from the 1970's. With fixed upholstered modules in several sizes, depths and shapes that can be combined in classic or asymmetric compositions, Angle can be adapted to suit any room. Combine with the Angle Space Dividers to create inspiring, open workspace environments or a cosy nook in your home. Crafted with elegant, hand-stitched details and a robust interior in FSC® certified wood.

### Meet the designer

We are Nikolaj and Kasper. We are Says Who Design. We like to tell stories through our products. Stories that add character and relevance to the user experience. We love simple, clever yet masculine design. Rawness expressed through refined details. We always strive to add personality to the product. An edge or feature that defines its use, style or statement. Good design is useful, characteristic and tells a story. It leaves a lasting impression that enriches our lives in ways we never thought of before. When design is at its best, it enriches our everyday lives and experiences.
