

## Cosima series

Designed by kaschkasch, Germany

---

Cosima is a soft and embracing modular sofa, characterised by its inviting loungy feel with low armrests and backrests that invite relaxation. Inside, Cosima is made from FSC®-certified wood and filled with soft down and feather filling, sewn into channels to extend durability and retain its iconic shape. Cosima can be designed specifically to fulfil your dreams and needs in two different seat depths, and you can remove or add modules when new needs arise.

### Meet the designer

Our goal is to create simple and intuitive products – something that isn't over-complicated, yet is still beautiful. We always strive to design no-frill products that still possess a poetic element. We find our inspiration in almost anything. Building sites, fish markets, people, their way of behaving and so on. It isn't just about the surroundings, it's also about the interaction. For us, good design is when it feels like it's never been any different. Something that makes sense when you look at it, or something that gives you an intense feeling of pleasure.

## Cosima 2 Modules depth 120 cm with large chaise longue - left - and big corner - right

### Specifications

Country of origin	Width	Depth	Height	Armrest height	Max weight capacity
Estonia	300 cm	150 cm	65 cm	65 cm	550 kg
Producer	The parcel's measurements				
Softcom OU	The parcel's measurements 1: 1.48 m <sup>3</sup> , 65.0 kg (D 129.0 cm, W 159.0 cm, H 72.0 cm))				
	The parcel's measurements 2: 1.80 m <sup>3</sup> , 70.0 kg (D 159.0 cm, W 157.0 cm, H 72.0 cm))				

### Notice

Cosima is made a great soft comfortable sofa by using loose feathers, downs and fiber on top of a thick layer of cold foam. These loose filling are held in place by sewing the interlining in canals. This top filling is very soft and it can be moved around by sitting in the sofa and it can change shape over time. In order to maintain the sofa it is important that you fluff the sofa regularly but it is still not possible to keep the shape. Cosima will be more rounded in shape over time and the seams will follow this more organic shape, due to the soft comfortable filling. This is not seen as a defect but just normal wear and soft look of the sofa.

### Test and certifications

FSC® C165134

EN 16139 - LI: General use. Furniture - Strength, durability and safety - Requirements for non-domestic seating. EN 1022:2005 - Domestic furniture - Seating - Determination of stability.

TSCA Title VI compliant

CAL TB 117-2013 - Determination of flammability resistance
