

## Grab series

Designed by OOOJA, Denmark

---

The Grab pouf is designed by OOOJA, who have created a multifunctional piece of furniture that is equally attractive as it is practical. A storage compartment is concealed on the inside, ideal for rugs, mess or anything else you want to hide away in everyday life. The defined stitching and the distinctive butt leather strap give the design extra edge and enhance the sense of craftsmanship.

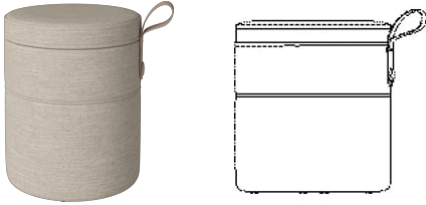

### Meet the designer

Vores ideer stammer fra en boks bagerst i vores bevidsthed. En boks fyldt med brudstykker af både designs, former, materialer, følelser og funktioner – ting som tilsammen udgør smukt design. Al vores inspiration kommer fra minder, drømme, billeder, eller det mennesker siger eller har fortalt til os. Vi opbevarer disse erindringer, blander dem sammen, hvorefter de ender på papir. Nogle bliver til designs, andre bliver smidt tilbage i boksen til senere brug.
