Designed by kaschkasch, Germany

---

The Drum coffee tables and are designed by the German duo kaschkasch and are handcrafted in Denmark using durable steel and natural stone. Designed to fit seamlessly into your interior with the lightweight frame and round shape and tailor-made for you in your choice of beautiful stone tabletop – elegant travertine, minimalist concrete, or a variety of exquisite marbles.

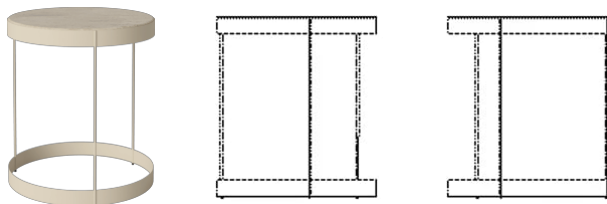

### Meet the designer

Our goal is to create simple and intuitive products – something that isn't over-complicated, yet is still beautiful. We always strive to design no-frill products that still possess a poetic element. We find our inspiration in almost anything. Building sites, fish markets, people, their way of behaving and so on. It isn't just about the surroundings, it's also about the interaction. For us, good design is when it feels like it's never been any different. Something that makes sense when you look at it, or something that gives you an intense feeling of pleasure.
