

Drum series

Designed by kaschkasch, Germany

Designed with elegant simplicity in mind in long-lasting materials that blend seamlessly into any interior. The delicate steel frame visually contrasts to the travertine tabletop, both unified in a soft creme colour. Use to display vases, plants, a lamp or sculptural object to instantly add a curated feeling to a space. Designed by the German design studio kaschkasch.

Meet the designer

Our goal is to create simple and intuitive products – something that isn't over-complicated, yet is still beautiful. We always strive to design no-frill products that still possess a poetic element. We find our inspiration in almost anything. Building sites, fish markets, people, their way of behaving and so on. It isn't just about the surroundings, it's also about the interaction. For us, good design is when it feels like it's never been any different. Something that makes sense when you look at it, or something that gives you an intense feeling of pleasure.
